THROUGH TRAIN SERVICE MONDAY TO FAIRMONT OF SUPERIOR SORT

East Trains to be Operated
Between Pittsburg and
West Virginia Point

WILL CARRY BUFFET CARS

Ample Provisions to be Made for
Comfort of Traveling Public—Ser-
vice Announced and Schedule No-
tice of Charleroi Stops is Given.

Fast trains will be operated by the Pennsylvania Railroad as well as the Pittsburg and Lake Erie when next Monday through service is established between Pittsburg and Fairmont. This date will mark the institution of passenger service to the West Virginia city and it will be of a superior kind. Through trains will carry broiler buffet parlor cars and coaches.

In the new service over the Monongahela division and the Monongahela Railway daily and Sunday trains will be operated on a fast schedule. The quickest time ever made between Charleroi and Pittsburg will be made by two of these trains.

In the daily service from Pittsburg to Fairmont the first train will leave Pittsburg at 7:45. It will reach Charleroi at 9:14 and arrive at Fairmont at 12:30. This will be an entirely new train. There will be a return from Fairmont leaving in the afternoon at 3:35. At Brownsville these Fairmont coaches will be attached to a Uniontown train that arrives here at 5:50 and at Pittsburg at 7:15. This will be only in part a new train.

Sunday trains are important. From Pittsburg to Fairmont a train leaves the city at 8:15, arriving in Charleroi at 9:23 and at Fairmont at 12:30. Northbound, a train will leave Fairmont at 4 o'clock, arriving in Charleroi at 6:57 and at Pittsburg at 8:05. The two Sunday trains will be the fastest ever put in service on the Monongahela division. The train from Pittsburg out leaving Pittsburg at 8:15 will cover the distance between Pittsburg and Charleroi in 1:07 and the train going in which stops here at 6:57 will travel the distance in 1:08.

In addition to the new trains being put in service there will be changes made in daily schedules. The train which now arrives here at 11:53 will run 30 minutes earlier, arriving at 11:23. The train now due at 6:28 will run eight minutes earlier, or will arrive at 6:20. The Sunday train southbound now due at 8:57 will make its stop here at 8:47.

The Pittsburg and Lake Erie lines are putting into effect similar schedules to those of the Pennsylvania route so that there will be morning and afternoon service between Fairmont and Pittsburg. The Pennsylvania lines will run the morning train from Pittsburg to Fairmont, while the P. & L. E. will run the morning train from Fairmont to Pittsburg. The afternoon trains will be vice versa, with the P. & L. E. running the through train to Fairmont and the Pennsylvania the through train from Fairmont.

L. Collins is expected to return home today from a business trip to the East.

HEARINGS RESUMED IN HILTON CONTEST; QUESTION OF WIDOWS

To Which One, Register Asks Shall
Letters be Issued—Monongahela
Man Killed During Quarrel.

Hearings were resumed Friday in the contest in the estate of the late Wallace J. Hilton of Monongahela. It is before the register and the question involved is to whom shall letters be issued? Two women are claiming to be the widow of the deceased. The one is the woman that he was living with at the time of his death and the other is a woman who alleges she was married to Hilton a number of years ago. The woman known as Wallace J. Hilton's wife at the time of his death was married to him, that is not disputed; but whether he had another wife at the time from whom he was not legally separated is the question. Wallace J. Hilton was killed following a quarrel with his step-son a son of the Mrs. Hilton living with Hilton at the time of his death.

GAS SERVICE AT PERRY PLANNED

Greensboro Gas Company to
Supply Three Fayette
County Districts

"NOT COLD NOW," ONE SAYS

Perryopolis. Smithton, Star Junction and the surrounding country are agog over the prospect of having gas for fuel and light this winter. Perry residents expect that the town will be piped and the gas turned on in about two weeks, though a delay in the work makes this seem unlikely. Smithton is already piped and houses are being fitted up with fixtures.

The Greensboro Gas company is supplying Perry and vicinity with gas from its wells in the Monongahela river district. The men engaged in piping Perry were called away this week to do a hurry-up job near Charleroi hence the work has been at a standstill. A majority of the service lines have been put under ground but the large mains and part of the network of pipes which will cover practically every street and alley in the town are still unplaced. The pipes, however are on the ground and the construction force expects to make short work of the job when it returns to the town.

Perry people are especially delighted with the generosity of the gas people in piping practically every street upon which there are homes. This means that no one will be unable to get gas service. A. M. Fuller, Perry's millionaire, has had the line extended to his estate and it is said, will equip his residence. The Perry brick works also will be supplied.

AMENDMENTS UP FOR VOTE NEXT TUESDAY

First One is For Woman Suffrage, Second is Applicable to Philadelphia, and Third is to Make Workmen's Compensation Act Compulsory

Largely because of the woman suffrage amendment, great interest centers in the vote of next Tuesday on the three Pennsylvania amendments. The woman suffrage amendment is No. 1.

Provisions of the woman suffrage, or amendment No. 1 are generally understood. The proposed amendment simply is an amendment to section 1 of article 8 of the constitution giving "every citizen male or female of 21 years of age" possessing the proper qualifications, the right to vote.

The proposed second amendment to be voted upon Tuesday is largely a Philadelphia amendment defining a method for financing improvements and providing for a vote upon the question of incurring indebtedness.

The third amendment affects the entire state and its passage is urged by Governor Martin G. Brumbaugh.

This proposed amendment, says the governor, is of vital importance because it would make the workmen's compensation act compulsory and would carry out the idea of the general assembly in enacting the series of compensation laws which become effective January 1.

The governor says in his statement:

A most important amendment to the constitution of the commonwealth will be submitted to the voters of the state at the November election. It amends Section 23 of Article 3, so as to give to the legislature the power to enact a compulsory workmen's compensation act. This amendment is of vital importance to every employer and employee and should receive the support of every voter to uphold the purpose of workmen's compensation.

HALLOWE'EN SEASON NOTABLE BY PARTIES

"Old Time Masquerade" Given by
Eastern Star Chapter Interesting
Event—High School and Other Social Functions Well Attended

"An Old Time" masquerade was given by the Eastern Star chapter in the hall in the Masonic building Friday evening. With a good attendance of members of the Eastern Star and Masons the affair was made a Halloween function of much social importance. The opening event in the program of the evening was that of a grand march which was lead by Harry P. Jacobs and Dr. J. W. Manon with their ladies. A male quartet amply disguised sang a selection. Later it was learned the quartet consisted of John Bowman, Marion Kinder, Horace Nutt, of Charleroi and Mr. Jeffries of North Charleroi. Miss Elizabeth Melek of Monessen contributed a reading and a plantation solo was sung by Fred W. Cooper, with the male quartet singing the chorus. Upon the rendition of the program the floor was cleared and old-fashioned square dancing was enjoyed for a time. It was interrupted in time for lunch which consisted of such Halloween delicacies as pumpkin pie, doughnuts, sandwiches, cider and coffee. Dancing was resumed again and enjoyed for a time, George Gehring and Fred Speers doing the "figger" calling. At the time of the unmasking numerous surprises were sprung, and evidence of the ingenuity shown by various maskers fittingly demonstrated.

High School Party.
One of the most pleasing events of the Halloween season was held Friday evening at the high school gymnasium by the high school student body. The affair was a masquerade party and there were about 300 persons present, attired in all sorts of costumes. Policemen at the door requested the name of each person as they entered. The gymnasium was highly decorated in Halloween colors. Corn fodder and lanterns formed.

CHURCH TROUBLE TAKEN TO COURT

Members of Colored Baptist
Church of Monongahela
File Suit in Equity

PLAINTIFFS MAKE STATEMENT

Differences that have arisen within the colored Baptist denomination at Monongahela reached court Friday when a bill in equity was filed in which the Second Baptist church of Monongahela City is named as plaintiff and Grant Richardson, W. M. Hilton, F. C. Winbush, John Edge, John Bassett, John McIntyre, Allen Winbush, George Mickey, Joseph Clayton, Cahill Goggens, Arthur Davis, Robert Rodes and Morris Taylor, are defendants.

November 4, at 10 o'clock has been set as a time for a hearing. The trouble in this congregation, it appears started over the selection of a minister. In the suit filed it is alleged that the parties names as defendants interfered with the services of the said plaintiff church and persisted in said disturbances.

It is alleged that the defendants have unlawfully conspired to prevent the plaintiff church, its officers, members and friends, from using the church building as a place of holding worship and on numerous occasions, congregated on the church property and interfered with the services. Further it is averred that they came into these services while the congregation was lawfully assembled for worship and ordered the minister, selected by the plaintiff church to leave the building, threatening to throw him out and to do him bodily harm. Upon the minister refusing to go, it is further alleged the defendants threatened to assault officers and members of the

NOT TOO MANY RABBITS WARNS GAME OFFICIAL

Secretary Joseph Kalbfus Makes
Statement Concerning Slaughter of
Game in State—Must Not Sell To
Dealers.

"Hunters this year must observe the new law relating to the killing of rabbits," said Secretary Kalbfus of the State Game Commission Friday "and that is that no rabbits killed in Pennsylvania may be sold in this state. Heretofore it has been the practice of rabbit hunters to slaughter the animals indiscriminately and not infrequently we heard of hunters killing thirty in a week and they were regarded as great hunters. But they did not kill those rabbits for home consumption or to give to their friends. They killed them to sell for cash and it was notorious that some of them were supplying the city markets.

"Hereafter no rabbit shot in Pennsylvania can be sold in Pennsylvania. If they are killed in other states they may be brought into this state and sold but the sellers must prove that the rabbits were not shot in this state or they will be subject to a fine of \$10 for each rabbit they sell." The rabbit season will open on next Monday, November 1, and close on November 30.

PASS A MEDAL TO THIS MAN!

Dr. Victor C. Vaughn may his
tribe increase—who is dean of the
medical college of the University of
Michigan says that in the past 25
years the average length of a man's
life has increased 10 years. Such
longevity has been due, he avers, to
enlightenment of the public on how to
live according to the rules of medical
science. It is possible, says the
Pittsburgh Gazette Times, with the ad-
vance in medical learning that the av-
erage life of the next generation will
be lengthened 15 years.

These statements are surprising
and it may be taken for granted that
they will be challenged. Yet they
are not half as astonishing as it is to
discover a scientist and a student in
such subjects with the courage to
stand out something cheerful to the
dear public. The world has become
accustomed to being told that nothing
is as good as it used to be. Hence to
feel that practically everything is go-
ing to the bowwows is almost one's
normal state. Although insurance
companies have long been asserting
that the average of longevity was ex-
hibiting an advance, we are so often
informed that the race is deteriorat-
ing as to be compelled constantly to
give thought to the depressing ques-
tion what minute will be our next.
Happily Mr. Vaughn has hit upon the
need of the grand and awful time in
which we are dwelling or else he is
determined to give the University of
Michigan a new vogue. For it is not
at all an unappreciated tip that he is
passing along so graciously. Ten
years more of life, conditioned upon
knowing how to live it, as the average
portion of a man, opens vistas not to
be despised. There are mighty few
of us who desire to die, or are even
willing to, if it can be helped.

The immediate impulse is to be
good and stay good and above all to
inquire just what rules of medical
science should be observed so as to
have a part in shoving up the av-
erage of the number of our days here
on earth. Alas the wings of a dove!
Who wants to fly away and be at
rest? This is a good old earth. Grab
off all you can of those 10 years!
Kiss on a suitable medal to Dr.
Vaughn!

COMPANIES CONFRONTED

BY BIG DEMANDS FOR CARS
Steel companies are confronted with
demands for 40,000 tons of steel bars
plates and shapes to be used in the
construction of railroad cars. This
means that fully 40,000 cars are un-
der negotiation, 12,000 cars of which
are for foreign roads. In the last
few days domestic railroads have
placed contracts for about 6,000 cars
and pressing inquiries are now before
the builders for all sorts of equip-
ment.

to thirty of her friends at a masque-
rade party at her home on Fallowfield

house decorations and the refresh-
ments the Halloween idea was car-
ried out.

It Pays to Advertise.
Peter Murphy, 2 Duffy street
Minister, will attest: Recently he
lost his dog. He advertised in the
"News-Advocate." Following is the
answer that led to the recovery of
the animal: "Murphy: I seen your
writing by the paper last night you
lost your dog. My neighbor's boy
got home a dog just like that the
other day, and he keeps in the hogs
barn you give me 50 cents it is your
dog." The name and address are
appended to the letter.

Limestone Sweetens the Soil
Farm and Fireside says: "Finely
ground raw limestone is quite as good
for use in sweetening the land as
burned lime; but the amount used
should be twice as great. It sweetens
the soil without burning it."

A man with a weak backbone never
gets very far up the ladder of fame.

Luke McLuke Says:
When a princess gets a chance to
ride in a big car she thinks she has to
keep her nose up in the air all the time
or you will imagine that she isn't used
to motoring.

A girl always has sense enough to
keep her mouth shut about her rela-
tions. That's why hubby comes home
some night after they have been mar-
ried about six months and finds the
house filled with tacky looking rubes
and learns that his wife's cousin Mary
has said to her family to visit for a
week or two.

It is possible for a man to forget the

forgets the dime change he has con-
tributed when he gives his wife two bits to
buy 15 cents' worth of something.

The crisis of today are lucky. There
is no big family Bible with all of the
birth dates in it resting on the center
table in the parlor.

This would be a better world if some
of the reformers would find time to
mind their own business.
It must take a lot of coal to warm
the house in which the ladies shown
in the cuts in the underwear adver-
tisements live. Last time I saw them
the thermometer read around zero, and
yet the ladies were grouped in the
drawing room gossiping about fa-hions
and sitting on divans in front of open
windows reading love stories. And yet
the most comfortably dressed of the
lot wore nothing but a pair of thigh
der ribbons and an abbreviated lace
curtain.

GAS SERVICE

(Continued from page one)

The gas service was extended to
Perry after about 30 of the leading
citizens had petitioned the Green-
boro Company for it. It will be used
largely for fuel at first but there
is a possibility that gas lighting fix-
tures will be installed for emergencies.
Perry being already supplied with
electric current for house illumina-
tion.

"We don't think this is going to be
such a cold winter," said one resident
yesterday. "It will be pretty nice, I
think, to get up in the morning, turn
on the gas and have the room com-
fortable to dress in. We've been
dressing and eating in the cold for so
many winters we'll appreciate the gas
service."

VETERAN TEACHERS AT THE COUNTY INSTITUTE

Prof. Daniel Gayman, Formerly of
Charleoi One Among the Oldest in
Point of Service.

There was an unusual array of vet-
eran school teachers in attendance at
the county institute which was con-
ducted in the Washington High school
building at Washington. Heading the
list is Milton Todd now an instructor
at the Eldersville school, who lacks
just one term of having rounded out
half a century of efficient service in
educational work. He has never
missed an institute.

Coming second in point of senior-
ity is Wallace Patterson of the Ce-
dar Oak school, who has been teach-
ing for 46 years. He first taught in
Crosscreek township.

Daniel Gayman, principal of the
West Zollarsville school and former-
ly of Charleoi is another real vet-
eran. Mr. Gayman who has taught in
high school as well as common is
teaching his 39th term. Although
not a young man, he possesses the
facilities of a man much younger than
himself. Mr. Gayman is much pleas-
ed with the teachers' institute and
states it is one of the best he has
ever attended.

Others, who have taught 30 or
more years, are: J. A. Hutchinson
of West Finley township and teach-
er in the Burnsville school; H. L.
Hetherington, of Bentleyville and G.
J. Woodburn.

Further, it is claimed, the defend-
ants have unlawfully entered upon
the property of the plaintiff church,
and have since October 16, 1915 held
meetings there and have threatened
to use force and violence on any of
the officers and members of the plain-
tiff church who would prevent them
from using said church.

The plaintiff church says its ser-
vices have frequently been disturbed
and broken up and aver that "if the
said unlawful conduct on the part of
the defendants is allowed to continue
it may be unable to restrain its offi-
cers and members from using force
and violence for the protection of
themselves and church property and
serious riot may result."

SUIT FILED TO RECOVER ON INSURANCE POLICY

A suit has been filed by Belle Mor-
ris against the Brotherhood Accident
company, of Boston, Mass. She seeks
to recover the sum of \$600, with in-
terest from October 25, 1915. This
is alleged due upon a certain policy
held with the defendant company is-
sued to Jesse W. Morris, late of
Donora. He was the husband of the
plaintiff and was killed in an acci-
dent at the American Steel & Wire

ALL OUT OF SORTS

Has Any Charleoi Person Never Felt
That Way?

Feel all out of sorts?
Tired, Blue, Irritable, Nervous?
Back feel lame and achy?
Perhaps it's the story of disordered
kidneys—
Bad blood circulating about;
Uric acid poisoning the body.
There's a way to feel right again.
Stimulate the sluggish kidneys;
Do it with Doan's Kidney Pills.
Doan's are recommended by many
Charleoi people.

Here's one case.
Mrs. M. E. Richards, 501 Seventh
St., Charleoi, says: "For years I
had attacks of kidney diseases. Just
a short time ago, I was suffering
from severe pains in my back that
often shot up and down my spine and
into my head. I also had chills and
spots floated before my eyes. I was
very nervous and the least work tired

me out. I used Doan's
Kidney Pills and they drove the at-
tacks away."

Price 50c. at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same
that Mrs. Richards had. Foster-Mil-

A Love Letter Accidentally Found on the Street

My own Sweetheart:—
Our wedding day is al-
most here. By this time
next week I will be your
wife. I am counting the
days and hours until we
will be together in our
little home. It has been
such fun to buy all the
furniture and I can think
of only one thing more
which is really necessary
and I have found a bar-
gain in that.

Let me tell you, Dear,
what good luck I had this
afternoon. While I was
rummaging around in the
garret I found an old sewing
machine of mother's. I
flew downstairs to tell
her about it. She said I
could have it and I know
she will be surprised and
delighted when she hears
how much I will be allowed
for it on a new machine.
I had been reading the ad-
vertisements of The FREE
sewing machine, saying
they would trade in old
machines and allow a full
legitimate value for them.

I hurried down to the
store immediately. The
loveliest machine I ever
saw stood on the floor. I
was sure I was looking at
a piece of parlor furniture
and would not believe it
was a sewing machine till
the salesman opened it and
said—"Just sit down and
try it to see how you like
it." Surprised—well say
—I did not know I was

running a machine. The
FREE is so light and noise-
less that your naps will
never be disturbed. I
could sew for days without
getting tired or cross. The
stitch is perfect.

This being a 1915 Model,
it has several new inven-
tions, among them the
Rotoscillo Movement,
which makes it run as light
as a feather and the Toggle
Link Movement, which
makes it last forever (I
wrote those names down
so I wouldn't forget). The
FREE is a dream, Dear,
and we can get it by trad-
ing in that old bunch of
iron and paying a dollar a
week for just a few weeks.

Your wife (to be) knows
a good thing when she sees
one and that is the reason
she chose you. I can make
you ever so many things
and The FREE will save
us money every day. This
offer lasts only while the
1915 Model is being
introduced.

Please go down, dearest,
and see how beautiful a
sewing machine can be. I
know you will be surprised
when you find out the
small difference we will
have to pay and on what
easy terms it can be paid.
With you and The FREE
our home and my happi-
ness will be complete.

Your devoted
Heien.

P. S. Don't forget this machine is sold only by

Make the Living Room Livable

That's the one room in the house where you want warmth and comfort aplenty during the long winter evenings. There's no sense in shivering to death in a chilly room—to say nothing of the danger of colds and pneumonia—when a *Perfection Oil Heater* will keep the room snug and warm in the coldest weather. The Perfection burns kerosene—the ideal fuel—the fuel that is easy to handle, safe, low priced, and produces a great deal of heat.

PERFECTION Smokeless Oil Heaters

are easy to operate and easy to care for. There is no smoke, no soot, no ashes, no odors to bother you.

The Perfection is useful from the first chilly days of fall, before the furnace is started, right through the more severe winter weather, until the balmy spring days arrive. It can be carried from room to room, while lighted, with absolutely no danger.

Ask your dealer to show you a *Perfection Oil Heater*. He can explain to you many more advantages that are not mentioned here. Sold by dealers everywhere.

Atlantic Rayolight Oil makes washday easier. A tablespoonful added to each gallon of water when boiling clothes will make them white and sweet. Ever hear of that wrinkle? Do you know one equally useful? Hang on to it, cause some day it may be worth money. Who can tell?

Eggs and Kerosene

There are good eggs and bad eggs. You tell the difference by taste and smell—and price. But you can't tell the difference between high-grade kerosene and common kerosene this way. Yet you can get the best kerosene sold at no greater cost if you ask your grocer for Atlantic Rayolight Oil. It is long burning, smokeless, sootless and odorless when burning. It gives more heat and burns brightest. Why not, then, buy the best—

STAHLMAN IS FAVORITE WITH UNIVERSITY OF PITTSBURG TEAM

Charleroi Youth Smallest Member of Football Squad, likewise the Speediest.

That there is a probability that Charleroi high school's former star, "Cy" Stahlman will get in the championship football combat between the University of Pittsburgh and W. & J. college next Saturday is admitted. Stahlman's speed and his size are much in his favor. Concerning his work a Pittsburgh newspaper says: "School work kept Jimmy De Hart away from the field and in his absence the right halfback assignment was given to 'Cy' Stahlman, the smallest member of the Pitt squad. 'Spiegel' played a sterling game, getting away behind strong interference for several snappy dashes. His diminutive size gives him an advantage over opposing tacklers and his speed is another good argument on his behalf."

Stomach Trouble Quickly Cured.
People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tonoline Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tonoline Tablets sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

Tonoline Tablets not only promptly relieve all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal.

Go to your druggist and get a \$1.00 box of Tonoline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonoline truly freshens you and makes you feel like life is worth living.

Tonoline Tablets cost \$1.00 for a 15 days' treatment. Mailed by American Pharmaceutical Co., Boston, Mass.
